I see a pattern here

The pattern I see is that the show in the previous post and this one are thematic group exhibitions curated by artists. Both shows also include some of the areas finest artists who are not normally shown in the same space since they are associated with different galleries. That this is possible is to the galleries and artists credit. I can't wait to see both, they seem a step above most recent group exhibitions that I can remember.

microBIOPHILIA

Bucks County Community College, [Hicks Art Center Gallery](#)

Works by Greg Brellochs, Lindsay Feuer, Jeanne Jaffe, Eva Kwong, Bruce Pollock and Nami Yamamoto.

Curated by [Susan Hagen](#)

Reception: Wednesday, February 7, 5-7 pm
